## Technical data

|                                              |                         |
|----------------------------------------------|-------------------------|
| Nominal size                                 | 5.00 mm                 |
| Voltage DC                                   | 24 V - DC               |
| Nominal flow rate                            | 3.000 m <sup>3</sup> /h |
| Pressure range (operating pressure)<br>[bar] | -0.9 ... 8.0 bar        |
| Control valve                                | Normally closed         |
| Type                                         | RECB                    |
